SEZIONE 12-12'

The diagram illustrates a cross-section of a road profile. The vertical axis represents elevation in meters (m), ranging from 398.00 to 430.00. The horizontal axis represents distance in meters (m), ranging from 0.00 to 268.17. The profile shows a road with a central section labeled "VIABILITA'" and a section labeled "RAMPA IN ROCCIA". The road is flanked by a green area with trees on the right and a yellow area with a dashed line on the left. The profile is marked with points 1, 2, 3, and 4, corresponding to the vertical axis labels.
